Course Structure: This online course will include video assignments, readings and reading quizzes, and tests. All materials, including the class required textbook, may be found on or accessed via Blackboard.

Attendance: You must have a consistent, functioning internet connection to take this course. As this is an online-only course, you are required to have access to the internet. It is your responsibility to ensure that your computer (desktop or laptop is required) and connection are functioning properly. Technical problems are never an excuse for failed or incomplete work. If you experience a technical or internet issue that affects your graded work, contact me immediately.

Always maintain professional and respectful language, both in emails and in your online coursework. Any disruptive or disrespectful behavior will result in a loss of credit for the assignment and possibly a referral to the Office of Student Conduct. Racism, sexism, homophobia, or any other forms of bigotry are not acceptable in this class.

You are responsible for all information and announcements made in the course. Prepare to log onto Blackboard every day to check for updates, changes, or new information. Read the course home page thoroughly and check announcements daily. Also, be sure that you check your school email daily so that you do not miss any communication from the instructor. Course rules and expectations are subject to change. Students may not print, save, photograph, or make any record of graded content in this course.

Student Performance: You must maintain your standards throughout the duration of this abridged semester. There will be no extra credit and there will be little time for playing “catch-up.” **If you fail three (3) consecutive assignments or reading quizzes, you may be dropped from the class with a failing grade with no further warning.** If you repeatedly fail to submit required work on time, you may be dropped from the class at the discretion of the instructor. Please do not drop this course without speaking to me first so that I have the opportunity to help you decide if that is the best course of action. **You must complete Quiz 1 and the Ice Breaker by June 5th, 2025.**

GENERAL POLICIES

- ❖ **Behavior:** Students are expected to be considerate of one another as well as of the instructor. If you need guidance, heed the words of the late Justice Antonin Scalia, “I attack ideas. I don’t attack people. And some very good people have some very bad ideas. And if you can’t separate the two, you gotta get another day job.” Conduct that interferes with other students’ right to learn will not be tolerated.
- ❖ **Getting help:** Email me if you have a problem with readings, lecture, or assignments. If you are having difficulty of any kind **the earlier you ask for help, the easier the solution to your problem will be.** I cannot help if I am unaware. When emailing, please be sure to include your full name, the course number, and section number in the subject line of your email. **Ex. GOVT 2305-153; the course number is 2305, the section number is 153.**
- ❖ **Academic Honesty:** Honesty is the expected standard. **Plagiarism, using AI (artificial intelligence) technology to generate answers, and cheating (copying answers from an outside source or another student) will not be tolerated and can be grounds for dismissal from South Plains College.** Incidents of cheating on examinations will result in failure of the course and potential consequences such as dismissal from South Plains College. If AI use is suspected, the instructor will notify the student via email.

SPECIAL CONSIDERATIONS

For information regarding Intellectual Exchange, Disabilities, Non-Discrimination, Title IX Pregnancy Accommodations, CARE (Campus Assessment, Response, and Evaluation) Team, and Campus Concealed Carry, please use the following link: [Syllabus Statements \(southplainscollege.edu\)](http://southplainscollege.edu).

Student Absence for Observation of Religious Holy Days: A student who is absent from classes for the observation of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence **if, not later than the fifteenth day after the first day of the semester, the student had notified the instructor of each scheduled class that the student would be absent for a religious holy day.**

*****I will accommodate students who have the appropriate documentation of disability. Documented or not; however, contact me during the first week of class to discuss our plan of action.*****

Evaluation Method:

Chapter Reading Quizzes	25
Exams	30%
Assignments/Discussions	45%

Grading: The grading scale will be as follows:

90-100 = A	80-89 = B	70-79 = C	60-69 = D	59 or below = F
------------	-----------	-----------	-----------	-----------------

You earn your grade; I enter that grade.

Quizzes: The instructor will administer quizzes over materials. Should a student miss a chapter reading quiz deadline they will not be allowed to make-up the quiz without instructor approval. You will be allowed up to **TWO** attempts for each quiz for the **average grade** of your attempts (you do not have to take quizzes twice, but this will prevent those from trying to “preview” questions rather than properly preparing by reading).

Exams: Reviews will be provided so that you can prepare for each exam. The final exam will not be cumulative and will consist of multiple choice and fill-in-the blanks for ease of grading because grades are due shortly after the scheduled exam date.

Assignments: There will be a reasonable number of assignments in this class (not all will require the same amount of effort). These assignments are designed to expand student understanding and knowledge. Remember that individual assignments will have a greater impact on your grade than missing a single quiz. It would always be best to complete all assignments rather than attempt to offset a zero in this category of evaluation. Please be advised that grading time varies with the type of assignment (there are many of you and just one me). However, email me if you have concerns with the speed of feedback. **This class is condensed so there is not a lot of room for late work. Please let me know if you have any issues with the pacing or due dates so I can help you succeed.**

AI (artificial intelligence): If I suspect that a student has submitted artificially generated discussions, assignments, or test answers, you will receive a zero for your work, AI detection evidence, and a notice requesting a conference. You will be required to meet with me via video conference. If you fail to set up a meeting, your grade will remain a zero. You will be given the opportunity to verbally respond to questions. If you can explain your answers, I will update your grade. While AI is useful, it is silly to attend a class where you have no intention of learning.

Tentative Course Schedule for Pacing

This course takes place across 4 weeks and a few days. I will separate your course content into those weeks to help you stay organized. Email me if you wish to jump ahead so that I can accommodate you, but exams will have a scheduled window.
